# 3DBODY.TECH 2022 - onsite closing - online still open

The live program is finished / the online platform will stay open for 30 days.

The messaging & networking system will still be functioning.

We will upload all recorded sessions and all single presentations today and tomorrow.

The screenshot displays the agenda for 3DBODY.TECH 2022, covering October 25 and 26. The interface includes a search bar, navigation menu, and a main agenda grid. A red box highlights the 'table view' toggle icon in the top right corner of the agenda grid. Another red box highlights a section of the agenda grid, and a third red box highlights a table of 'single presentations' on the right side of the screen.
