

Information about Hotels

Hotels in Tokyo may be searched and reserved individually at the website of the Japan national tourism organization (www.jnto.go.jp) or by any other common hotel booking services.

If you wish to be close to the workshop venue, we suggest you to book an hotel in the *Odaiba* district or near the *Shimbashi* or *Shiodome* train/subway stations. If you wish to stay in a more central and touristic area, but still with easy access to the workshop venue, we suggest you *Ginza*, *Roppongi* or *Central Tokyo*.

The following map (from www.booking.com) may help you searching for an accommodation. Please refer also to the information about how to access the workshop venue included in the document “access map”.

Access to the workshop venue (see also www.3dbodyscanning.org/A2012/docs/3dbodyasia_accessmap.pdf).
