11th 3DBODY.TECH Conference & Expo

Lugano, Switzerland · 21-22 October 2020

3DBODY.TECH Conference & Expo - The Premier Multidisciplinary International Conference and Exhibition on 3D Human Body Scanning and Processing Technologies

3DBODY.TECH 2020 - The 11th International Conference and Exhibition on 3D Body Scanning and Processing Technologies will take place on 21-22 October 2020, in Lugano, Switzerland.

3DBODY.TECH provides a platform of eminent professionals, entrepreneurs, academicians and researchers across the globe to present, learn and discuss the latest in 3D body scanning and processing technologies. The multidisciplinary character of 3DBODY.TECH makes it unique and not comparable to any other meeting related to 3D body technologies.

3DBODY.TECH TOPICS

The technical program consists of oral presentations, poster presentations and live demonstrations in, but not limited to, the following technical areas:

- 3D & 4D body and 3D & 4D face scanning methods, systems and technologies
- 3D body processing methods and technologies
- Machine learning and artificial intelligence for 3D body scanning and processing
- 3D body modeling, 3D body visualization, 3D body printing methods and technologies
- Active 3D body scanning technologies (laser scanning, white-light scanning, RGB-D)
- Passive body scanning methods (stereo photogrammetry, visual-hull)
- Portable and hand-held human body scanning and measurement devices
- Full body scanning systems for the apparel and fashion sector
- Applications in medical sciences (plastic surgery, orthotics, prosthetics, forensics, etc.)
- Foot scanning, custom footwear and orthopedics
- Digital anthropometry, anthropometric studies, ergonomics
- Body measurement and sizing campaigns, fitting mannequins
- Biometrics and applications in security
- Applications in sport, health and fitness
- Human body and face modeling, animation and simulation
- Applications in virtual life, games and entertainment
- 3D body scanning for arts, sculpture and 3D printing

3DBODY.TECH FACTS

3DBODY.TECH confirmed with the past 10 editions (2010 to 2019) to be the main and largest technical and scientific international event focused on 3D human body scanning and processing technologies.

Technical presentations

1 plenary session, 14 technical sessions and 1 poster session, with over 80 presentations

Technical exhibition

Parallel exhibition on 500-700m² with 25-30 exhibitors

Attendees/participants

200-300 expected attendees/participants

Profile of attendees/participants

65% from private industries and firms

35% from universities and research institutions

45% managing positions (e.g. CEO, CTO, Professor)

50% technical/operative positions (e.g. project manager)

35% users of 3D body technologies

30% developers/manufacturers/providers

30% new users/potential buyers

LOCATION: LUGANO - SWISS MEDITERRANEAN STYLE

Lugano is situated just 80 km north of Milan, in Ticino, an alpine canton in the South of Switzerland. This quiet, compact city of spacious parks lies on the shores of beautiful Lake Lugano, in an unspoiled landscape of lush hills and wild, remote valleys. Local area attractions and short day trips can make this conference the opportunity of a mini vacation. On the other hand, the nearby greater Milan area houses cultural heritages, museums, first class shopping, delicious dining and various cultural offers.

Milan Malpensa international airport (MXP) is just 70km from Lugano and directly connected to Lugano by rail. Zurich international airport (ZRH) is located 200km from Lugano with connections by rail. Lugano is within driving distance from major cities in Switzerland, Italy, Germany and France.

CALL FOR PAPERS - SUBMISSION OF ABSTRACTS

If you would like to present a paper at the conference, please send an extended abstract (250-500 words and images), including name, address, affiliation, e-mail of the authors, by e-mail to info@3dbody.tech.

Important dates and deadlines

- Extended abstracts: 30 April 2020
- Author notification: 30 June 2020
- Full papers: 31 August 2020

Acceptance process, conference proceedings, ISBN & DOI, on-line papers

The submitted abstracts will be evaluated and reviewed acceptance. Authors of accepted abstracts should submit full papers following the given guidelines and present the paper at the conference.

The submitted papers will be published on conference proceedings, available in digital form and with ISBN number. DOI (digital object identification) numbers will be assigned to the single published papers.

The abstracts and the papers will be available on-line at the website www.3dbody.tech/cap.
