

15th 3DBODY.TECH Conference & Expo

Lugano, Switzerland · 22-23 October 2024

3DBODY.TECH Conference & Expo - The Premier Multidisciplinary International Conference and Exhibition on 3D Human Body Scanning and Processing Technologies

3DBODY.TECH 2024 - The 15th International Conference and Exhibition on 3D Body Scanning and Processing Technologies will take place on 22-23 October 2024, in Lugano, Switzerland. 3DBODY.TECH 2024 will be held as hybrid event with conference and exhibition taking place onsite in Lugano, with all contents streamed live online and recorded for later view. Attendees will be able to participate in-person onsite or remotely online. Speakers will be required to participate in-person onsite (online virtual presentations will be possible in exceptional cases).

3DBODY.TECH TOPICS

3DBODY.TECH provides a platform of eminent professionals, entrepreneurs, academicians and researchers across the globe to present, learn and discuss the latest in 3D & 4D body scanning and processing technologies. The multidisciplinary character of 3DBODY.TECH makes it unique and not comparable to any other meeting related to 3D & 4D body technologies.

The technical program consists of presentations and demonstrations in, but not limited to, the following areas:

- 3D & 4D body and 3D & 4D face scanning methods, systems and technologies
- 3D & 4D body processing methods and technologies, 3D & 4D scan data processing
- 3D body modeling, 3D body visualization, 3D body printing methods and technologies
- 3D digital humans, virtual humans, avatars, metaverse
- Active and passive 3D & 4D scanning technologies for the human body (full body, bust, head, face, legs, feet, hands, etc.)
- 4D scanning, volumetric capture and MOCAP technologies for the human body
- Mobile, portable and hand-held human body scanning and measurement systems, devices, solutions
- ML (machine learning) and AI (artificial intelligence) for 3D body scanning and processing
- Full body scanning and measurement systems for the apparel and fashion sector
- Applications in medical sciences (plastic surgery, orthotics, prosthetics, forensics, dermatology, etc.)
- Foot scanning and measurement systems for footwear, sport and orthopedics
- Digital anthropometry, anthropometric studies, ergonomics
- Body measurement and sizing campaigns, fitting mannequins
- Applications in sport, health and fitness
- Applications in metaverse, virtual life, games, FX and entertainment
- Applications in social sciences and communication

3DBODY.TECH FACTS

World's largest meeting entirely dedicated to 3D & 4D body scanning and processing technologies

International and multidisciplinary conference and exhibition with focus on various application sectors

Hybrid event with conference & expo taking place onsite and dedicated online conference platform

1 plenary session, 14 technical sessions in dual track, 1 panel discussion, with over 80 presentations

Live streaming and recording of all sessions and presentations, available also for later view

Onsite exhibition of equipment and solutions on 500sqm (5400sqft) with 25-30 exhibitors

Live streaming and recording of demonstrations and presentations from onsite exhibitors

Over 250 expected international onsite and online participants at the conference and exhibition

Onsite and online networking opportunities between all onsite and online attendees, speakers, exhibitors

CALL FOR PAPERS - SUBMISSION OF ABSTRACTS

Authors wishing to present their work at the conference are invited to submit their extended abstract(s) consisting of 250-500 words and images, and including names, affiliations, addresses, e-mails of all the authors.

Please send the abstract as pdf or docx file to info@3dbody.tech.

Acceptance process, conference proceedings, ISBN & DOI, papers & recordings

The submitted abstracts will be evaluated and reviewed for acceptance. Authors of accepted abstracts should submit their full paper(s) following the given guidelines and present their work personally onsite at the conference. Online virtual presentations will be possible in exceptional cases. The speaker registration fees will have to be paid.

The submitted papers will be published in the conference proceedings, available in digital form and with ISBN number. DOI (digital object identification) numbers will be assigned to the single published papers. All papers, abstracts and video recordings will be freely available at the dedicated 3DBODY.TECH proceedings website proc.3dbody.tech.

Important dates and deadlines

Extended abstracts: 31 May 2024

Authors' notification: 30 June 2024

Full papers: 31 Aug. 2024

CONFERENCE PROGRAM

The program of the conference will be structured, during two full days, in an opening session, 14 technical sessions in dual track, a plenary panel discussion and 7 exhibitors' live demonstrations sessions, accommodating in total over 80 scientific and technical presentations and demonstrations, grouped according to various topics and application areas.

The parallel technical exhibition will allow manufacturers, developers, institutions to demonstrate live 3D & 4D body scanning systems, software solutions and applications.

In a third track, exhibitors will host demonstration sessions from the onsite exhibition, live streamed on the online conference platform.

Breaks between the technical sessions are planned in order to increase the possibilities for building relationships and exchanging ideas between attendees, speakers, authors and exhibitors. Coffee breaks will take place in the morning and afternoon, lunch boxes will be distributed to all attendees during lunch breaks and a rich welcome cocktail will be offered after the last session of the first day.

LOCATION: LUGANO - SWISS MEDITERRANEAN STYLE

Lugano is situated 80 km north of Milan, in Ticino, an alpine canton in the South of Switzerland. This quiet, compact city of spacious parks lies on the shores of beautiful Lake Lugano, in an unspoilt landscape of lush hills and wild, remote valleys. Local area attractions and short day trips can make this conference the opportunity of a mini vacation.

Milan Malpensa international airport (MXP) is 70km from Lugano and directly connected to Lugano by rail (1h 40min).

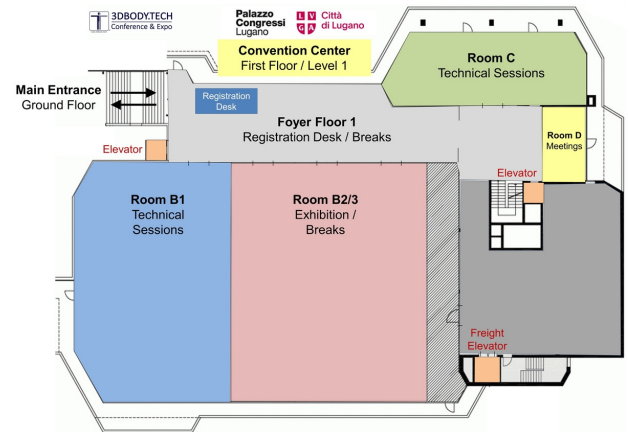

Zurich international airport (ZRH) is located 200km from Lugano and connected to Lugano by rail (2h 15min).

Lugano is within driving distance from major cities in Switzerland, Italy, Germany and France.

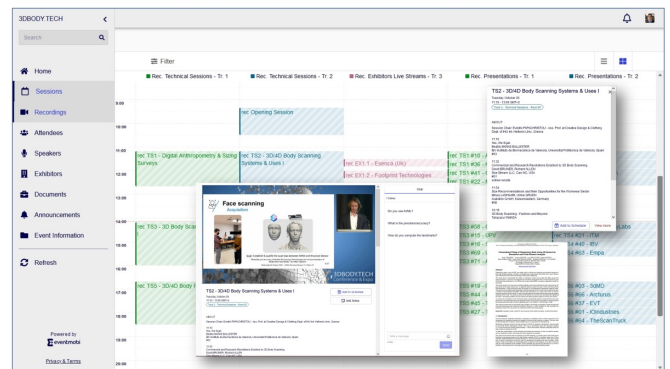

CONFERENCE AND EXHIBITION VENUE

The conference and exhibition will be held at the Lugano convention center which is centrally located, right next to the splendid municipal park, directly on the lake shore. The center is located within easy walking distance of many hotels, shops and attractions. The dual-track technical sessions, the parallel technical exhibition and the breaks will take place in adjacent spaces on the first floor.

3DBODY.TECH ONLINE CONFERENCE PLATFORM

The 3DBODY.TECH 2024 online conference platform will allow all participants to access and view all live streams and all recorded contents: technical sessions, exhibitors' demonstrations, single presentations. The online conference platform will also offer extended networking opportunities during the conference: it will be possible to browse and search all participants (attendees, speakers, exhibitors) and contact or communicate with them by different means (messaging, live chats, video calls). The online conference platform will be active and accessible to all (onsite and online) participants during the conference and for 30 days after the conference.
