

HOTELS & ACCOMODATION INFORMATION

4th Int. Conf. on 3D Body Scanning Technologies, Long Beach CA, USA, 19-20 Nov. 2013

LONG BEACH CALIFORNIA

Long Beach is located in Southern California, USA, on the Pacific coast, just 20 miles (35 km) south of Los Angeles. Long Beach brings both the "big city" downtown feel with the charm of a seaside community. It benefits from the sunny forecasts and warm temperatures around the year that Southern California is known for: a great escapade from cold November climate in many parts around the world.

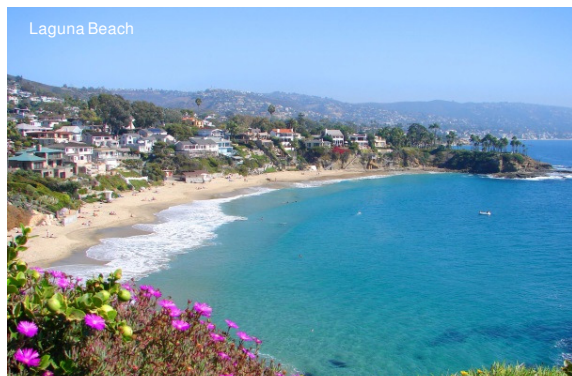

General touristic information about Long Beach may be obtained at www.visitlongbeach.com.

PLACES TO STAY

If you wish to be close to the conference venue, we suggest you to book an hotel in Long Beach. If you wish to stay in Los Angeles, Long Beach is easily accessed by car (30 minutes from Los Angeles downtown, 40 minutes from Hollywood, Beverly Hills or Santa Monica, 50 Minutes from Pasadena). If you wish relaxed, beach atmospheres, we suggest Huntington Beach (30 minutes by car), Newport Beach (40 minutes by car) or the idyllic Laguna Beach (50 minutes by car). For families, Disneyland resort in Anaheim is a good choice, Long Beach can be reached in 40 minutes by car.

Access to the Long Beach, see also www.3dbodyscanning.org/2013/docs/3dbst2013_access.pdf.
