

## Call for Papers – Submission of Abstracts

If you would like to present a paper at the conference, please send an extended abstract (250-500 words and images), including name(s), address, affiliation, e-mail of the authors, by e-mail to [info@3dbody.tech](mailto:info@3dbody.tech).

### Important dates and deadlines

- Extended abstracts: 31 May 2017
- Author notification: 30 June 2017
- Full papers: 31 Aug. 2017

### Acceptance process, conference proceedings, ISBN & DOI, on-line papers

The submitted abstracts will be evaluated and reviewed acceptance. Authors of accepted abstracts should submit full papers following the given guidelines and present the paper at the conference. The submitted papers will be published as conference proceedings, available in digital form and with ISBN number. DOI (digital object identification) numbers will be assigned to the single published papers. The abstracts and the papers will be available on-line at the website [www.3dbody.tech/cap](http://www.3dbody.tech/cap).

## Conference Program

The technical program consists of oral presentations grouped in different technical sessions according to the topics of the submitted papers.

### Program outline

The preliminary program of the conference is structured, during two full days, in an opening session and 14 technical sessions in dual track, accommodating in total 60-80 scientific and technical presentations, grouped according to various topics and application areas.

The parallel exhibition allows manufacturers of scanning equipment to demonstrate live their products and solutions to all attendees/visitors/participants.

Breaks and social events are planned in order to increase the possibilities for building relationships and exchanging ideas between attendees, visitors, authors, participants and exhibitors.

## Conference Site: Montréal, Québec, Canada

Creative, cosmopolitan, cutting-edge and chic, Montréal is an island in North America, geographically, linguistically, and culturally. Montréal is the largest city in the Canadian province of Québec and the second largest francophone city in the world. It is a cosmopolitan, international city, and a perfect blend of European energy and North American efficiency.

Montréal is renowned for its numerous universities, medical and scientific research centers, as well as for its cultural and artistic life, excellent restaurants and hotel network. While French is the official language of the Province of Québec, English is also widely spoken.

### Access and Travel

A gateway to North America that's just an hour from the U.S. border, Montréal is easy to get to, with over 200 U.S. and international direct flights per day. All major North American cities are within few hours flight (e.g. New York 1h26, Chicago 2h25, Atlanta 3h12, Dallas 4h09, Los Angeles 5h55). Montréal is easily accessed from major European cities (e.g. London 6h35, Paris 6h40, Frankfurt 7h02) and direct flights are available from Asia (e.g. Tokyo 14h20, Beijing 15h19). Getting around this safe and compact island city is easy, with private or public transportation, which includes bus and subway.

### Conference Venue

The conference and exhibition will be held at Plaza Centre-Ville (by Evo Vieux-Montréal) which is centrally located between historic Old Montréal and vibrant New Montréal, steps away from countless cafes, bars, restaurants, shopping malls and hotels. Plaza Centre-Ville has underground parking and is directly connected to the Square Victoria subway station with an indoor access.

The dual-track technical sessions, the technical exhibition and the breaks will take place in adjacent spaces on the floor level C (2 floors below the lobby).
